

MISRIMAL NAVAJEE MUNOTH JAIN ENGINEERING COLLEGE

Department of Civil Engineering

Seminars/Workshops

2017-2018

- Two days concrete contest workshop was conducted on FEB 27 and FEB 28 of year 2018. In this program RAMCO CEMENTS accompanied in conducting activities to motivate students and develop practical knowledge in concrete. The chief guests were Mr. Ganesh, Manager RAMCO Cements - and Mr. Karthick Ganesh, Assistant Manager RAMCO Cements. & Er. Narayanamurthy, RAMCO Cements.
- One day workshop on “Cost Effective Building Technology” conducted on March 16th, 2018.

2018-2019

- Department Of Civil Engineering organized an one day workshop on “Modern Survey in Construction Industry” by ALG International Institute of Technology, Chennai for our Civil Engineering Students of IInd, IIIrd and final year on 20/7/2018.
- A lecture was delivered by Er.S.Karthick, proprietor, Terzhaghi Institute, Chennai titled “Career Awareness Program” for the IVth year students on 20th July 2018.
- A lecture was delivered by Er.pratheep narayanan, Managing Director, DE NOVA SOFTWARE SOLUTIONS, Chennai titled “BIM software -cadd technology” for the IInd and IIIrd year students on 7th August 2018.
- The department of civil engineering has conducted two days national level technical workshop on “Recent Advancements In Structural Engineering” for two days dated on 14.11.2018 and 15.11.2018.

Symposium

- We have conducted a National Level Symposium “Symplix” consecutively for all the years 2015-16, 2016-17, 2017-2018, **2018-2019**.

2018 -2019

The department conducted a National Level Technical Symposium “symplix” on 21st August 2018. The symposium was inaugurated by Mr. K.K.Kamalakaran, managing director, utracon structural systems private limited. The chief guest released souvenir which include abstracts of shortlisted technical papers, articles, and creative drawings of civil engineering students. The main objective of the symposium was to create a platform for the budding engineers to exhibit their skills in various events. The events conducted in symposium were:

Technical events : Paper Presentation, Poster Presentation, Model Making, Crack The Code, Brain Storm, Draft It, The Observer.

Non technical events: Bioscope, Tik Tik Tik, Guess What?, Surprise Event, Adapt, Kick Off, Crunch Punch

Around 500 members from national and state level engineering colleges took part in the various events. The topics of interest discussed in the forum of technical paper presentation and poster presentation are listed below:

Disaster Management, Nano Technology In Civil Engineering, Ground Water Modeling, Agricultural And Irrigation Scenario, Smart Materials And Structures, Impacts Of Environmental Aspects On The Society, Geographical Information In Civil Engineering System, Intelligent Transportation System, Geotechnical Engineering Aspects, Non Destructive Testing On Civil Engineering Structures , Rehabilitation Of Civil Engineering Structures, Green Building Design Concepts.

In - house project : The students were encouraged to design , fabricate and exhibit scaling models. Some of the models are tunnel model , tanjore temple model , a dam, clock tower , our college model.

The chief guest appreciated the models of the students and suggested to come out with more solutions for real time situations . He also outlined the opportunities available in the field of civil engineering.

Chief guest arrival

Chief guest and our principal meeting

Chief guest honoured by santhanamalai and gift

Souvenir release
